

## Khrushchev to Visit Six American Cities

LEWIS GULICK (AP) — The visit was expected to include perhaps today, that Nikita S. Khrushchev, premier of the Soviet Union, will stop at six American cities on his 12-day U.S. visit.

Khrushchev is slated to speak at the National Press Club here and answer reporters' questions in a nationally televised address.

He is expected to address the U.N. General Assembly in New York two days after his arrival.

His schedule will be announced by the U.S. State Department today.

The visit was not expected to include precise details of his scheduled activities, since the State Department has not yet been worked out.

His proposed itinerary for the first two days of his visit is as follows:

Monday — two days.

Tuesday — one day.

Wednesday — two days.

Thursday — one day.

Friday — one day.

Saturday — one day.

Sunday — one day.

Monday — one day.

Tuesday — one day.

Wednesday — one day.

Thursday — one day.

Friday — one day.

Saturday — one day.

Sunday — one day.

He will have asked for action on the official party. The total 193 have asked to Khrushchev the whole way.

## Settlement of the Steel Strike Yet

WORK (AP) — A spokesman for the American Iron and Steel Institute said today that a tentative settlement of the steel strike "is absolutely certain."

The spokesman said that the settlement would be based on the basis of a small increase.

McDonald spokesman made comment on the report by telephone from Pittsburgh. Union President Howard Hague said here that there was no immediate comment.

There was no immediate comment from the steel industry representatives involved in contract negotiations.

A level conference had been held yesterday with Joseph P. Kamp, federal mediator.

## Alt Explodes, Are Injured

WILKE, Ark. (AP) — A tank of asphalt exploded, shattering a street while heeding for a street repair job. Two men were injured.

The explosion occurred at the intersection of Main and Second streets.

The tank was being used to lay down a new layer of asphalt.

The explosion caused the tank to flip over and catch fire.

Two men working on the repair job were injured.

The fire department arrived and extinguished the fire.

The injured men are being treated at the local hospital.

The cause of the explosion is under investigation.

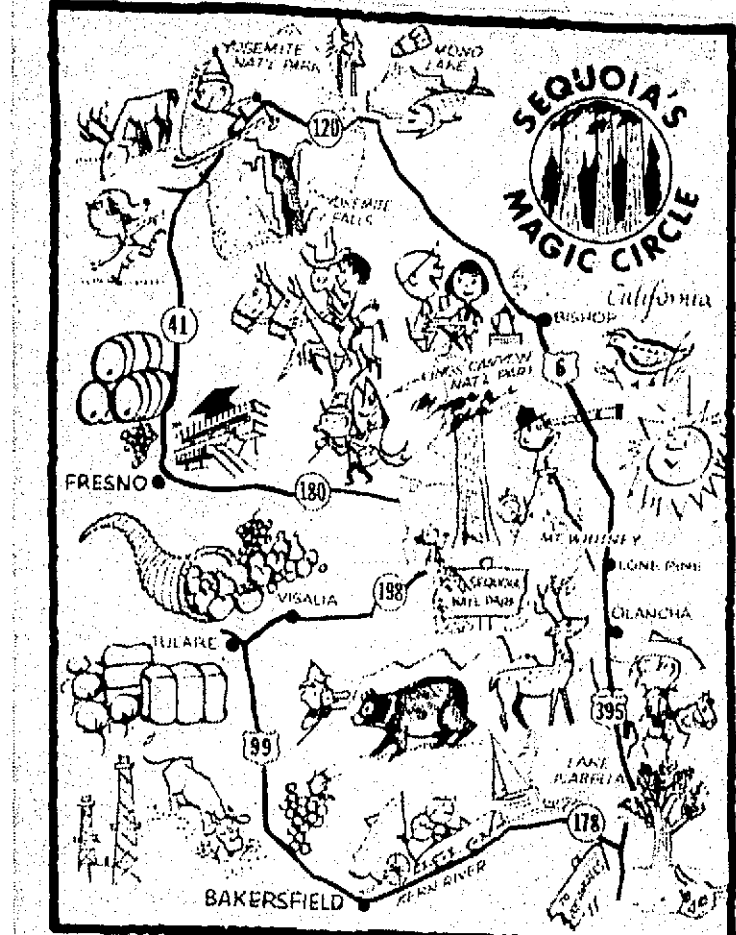

## Weather

Partly cloudy and breezy today and tomorrow with scattered showers.

Forecast for the period Aug. 21-26:

Arkansas: Temperatures 70 to 80. Normal rainfall 0.1 to 0.2. Precipitation moderate.

## Most Noble of All Living Things Are Sequoia Trees

THERE IS A HIGHWAY HUB of superlatives in a California Magic Circle that revolves around Sequoia National Park and its mighty trees, the largest and most majestic of living things.

The rich San Joaquin Valley and its ultramodern cities are surrounded by orchards of every kind, cotton fields, oil wells. Included in the tour are the mountain grandeur of Kings Canyon and Yosemite National Parks, Mt. Whitney and Lake Isabella, a new water play ground.

Editor's Note: This is the 38th in a series of suggested highway tour maps which the Hope Star is publishing weekly. This is excellent material to cut out and paste up in a scrapbook for future reference when planning your vacation trip.

By EDWARD COLLIER

The largest and most noble of living things, the "King" of canyons, rich fruit-producing farm lands, famous waterfalls, mighty mountains — all are within a Magic Circle hub of superlatives that revolve around Sequoia National Park in California.

To know the true and deep meaning of the oft-used phrase "majesty of nature," there is no spot the world over to compare with standing in the presence of the giant sequoia trees.

In this age of missiles and space travel, the quieting effect on impatient humans is amazing. These forest monarchs, oldsters when Nero fiddled and Rome burned, have traveled skyward at an average speed of but three-quarters of an inch a year. Their pay load could be 600,000 board feet; their count down, more than 3,500 years.

To enjoy these proud giants, start your Magic Circle at Bakersfield, the southern boundary of the lush San Joaquin Valley. Bakersfield, famous for the national A. A. U. track events, is a vigorous city with many stunning and colorful, streamlined public buildings. The motels are legion — and they are air-conditioned and luxurious, their swimming pools and flowers bright in the sun. In the hot summer little or no rain falls. Deep wells pour life-giving water onto the surrounding land; this is the Cinderella touch that keeps this land a green and productive oasis.

Pleasant Drive

The drive northward is a joy over U. S. 99, with its four lanes divided by exuberant flowers and eucalyptus trees. Acres of well-tended cotton and thriving vineyards stretch from either side of the road, and there is the silhouette of oil derricks to the west. As you penetrate further into the valley, trees hang heavy with peaches, plums and apricots. It's with genuine excitement that you make a right turn onto California 198 just north of Tulare, for now you are aiming directly for the elusive grandeur of the snow-capped Sierras to the east. The area surrounding Visalia is rich in vineyards and groves of oranges and olives.

Soon you are among brown and hilly foothills. A little further along the Kaweah River splashes down over smooth gray granite boulders, forming inviting swimming holes. Slick Rock is dotted with sun bathers, the river with bobbing heads, and families line the tree-shaded picnic tables.

The road weaves upward, and it's everywhere open for a stretch at Hospital Rock. Here Indians once dwelled, and their writings in delicate weathered cobbles are still discernible. Mountain peaks rise sharply in all directions with the focus on the giant gray monolith, Mt. Moro Rock, severe and imposing.

The keynote of Sequoia National Park is serenity. You sense it at the rustic Giant Forest Lodge and at the attractive government camping grounds where each morning is a new thrill when you first glimpse the stately oaks towering above you. The full impact comes when you stand at the base of the

## Hawaii Signed Into Statehood by President

By GEOFFREY GOULD

WASHINGTON (AP) — Hawaii, the jewel-like chain of islands, 2,400 miles west of the mainland, has brought the United States of America to an even 50.

Using a dozen pens to sign his name, President Eisenhower proclaimed its statehood Friday. It was the second time in less than a year that he performed such a historic duty — Alaska became a state Jan. 3.

As Hawaii followed Alaska into the Union, the President also signed an executive order fixing the design of the 50-star flag. With a twinkle, he remarked that he's running out of ideas for flag designs.

The new flag, which becomes official next July 4, has the same 13 red and white stripes. But the square field in the upper left corner has nine rows of stars, arranged in staggered fashion with six and five-star rows alternating.

"All 49 states will join in welcoming the new one—Hawaii—to this Union," the President said more solemnly. "We will wish for her prosperity, security, happiness, and a growing closer relationship with all of the other states."

"We know that she is ready to do her part to make this union a stronger nation," a stronger people than it was before because of her presence as a full sister to the other 49 states.

"So all of us say to her, Good luck."

The President began signing the documents at 4:03 p.m. Washington time. The black and white plastic pens he used were distributed to some of those present as souvenirs. The new flag, its silken folds shining, was unfurled.

Rising Star Missionary Baptist Church, 700 Oak Street, will observe its 45th anniversary Sunday, August 23, at the church. It was announced by the Rev. M. S. Riley, pastor.

Guest Church is St. Paul M. B. of Emmet and the guest minister will be the Rev. J. M. Stewart. Dinner will be served in the kitchen at 2 p.m.

Number of Polio Cases Increase

WASHINGTON (AP) — The number of paralytic polio cases increased by 13 per cent last week to 279, his is the highest weekly total since September 1956.

The rise, however, was not nearly as sharp as the 30 per cent jump for the previous week. In the week ended Aug. 8 there were 245 cases reported, including some delayed reports. That made it the highest week since September 1956.

Dr. Leroy E. Burney, surgeon general of the Public Health Service, said the cases reported for the week ended Aug. 15 were widely scattered throughout the nation, the same pattern that had prevailed for several weeks.

From Jan. 1 through Aug. 15 there had been 1,839 paralytic cases reported. This compares with 784 in the similar 1956 span, 1,035 for the 1957 period, 3,326 in 1956, 3,649 in 1955 and 4,762 in 1954.

Manufacturers reported they released nearly three million doses of vaccine last week, 2,413,002 doses of straight Salk vaccine and 535,150 doses of quadruple vaccine which is for use only in children under 4 years old.

Hoskins Rites to Be Held Sunday

Services for Henry B. Hoskins who died here Thursday will be held at 2:30 p.m. Sunday at Hope Gospel Tabernacle by the Rev. W. C. Land. Burial by Herndon-Correll will be in Memory Gardens.

New British Jet Disappears

LONDON (AP) — Ships and planes searched the coasts of England today for a plane in the baffling disappearance of Britain's newest top-secret jet bomber.

## Ten Counterfeit Bills Recovered

LITTLE ROCK (AP) — At least 10 counterfeit \$10 bills passed in Arkansas by a St. Louis gang have been sent to Secret Service officers in Little Rock.

Secret Service Agent in Charge Leroy Letter said banks at Pine Bluff, Camden and Texarkana have detected the phony bills and forwarded them to authorities.

Other bills were missed at Fort Smith, Ashdown and Fouke.

Four persons accused of passing the bills were arrested early this month in Louisiana.

## Incomes in Arkansas Show Increase

LITTLE ROCK (AP) — Personal income of Arkansas residents soared to an all-time high of \$2,168,000,000 in 1958, the Arkansas State Chamber of Commerce reported today.

This was a gain of more than five per cent over the 1957 figure of \$2,064,000,000.

The report said both the total and per capita income of Arkansians climbed at a rate faster than that of the nation and of 12 southeast states.

The gain in total income for the entire United States was 2.4 per cent. For the southeast region, it was 4 per cent.

Per capita income of Arkansians set a new high of \$1,220 last year, an increase of 5.9 per cent over the 1957 figure of \$1,160.

By contrast, the southeast region's per capita income—\$471—was up only 2.2 per cent from 1957. The national figure of \$507 was only .068 higher than the \$504 of the previous year.

The Chamber of Commerce said that in the five-year period of 1953-58 inclusive, Arkansas' per capita income rose 21.8 per cent over the \$1,038 of 1953. The southeast's rate of increase in the same period was 19.5 per cent and the national rate was 16 per cent.

South Carolina has replaced Arkansas as next to the bottom in per capita income, the report said. Mississippi, the lowest, had a 1958 per capita income of \$1,033 and South Carolina \$1,218.

Income estimates used by the state Chamber were furnished by the U. S. Commerce Department.

The Chamber predicted another steep rise for Arkansas' 1959 income, due to a current high level of industrial employment and prospects for an excellent agricultural outlook.

## Committee to Abandon Investigation

WASHINGTON (AP) — The House Committee on Un-American Activities will cancel hearings scheduled Oct. 14 for the investigation of communism in the California school system.

Subpoenas issued for some 60 or 70 California teachers also will be canceled.

The committee plan became known as a result of a letter sent by Chairman Francis E. Walter (D-Pa.) to Arthur F. Corey, state executive secretary of the California Teachers Assn.

Corey, in a letter to Walter dated Aug. 17, objected to delays in the hearings and protested that the names of many of the teachers involved had been made public.

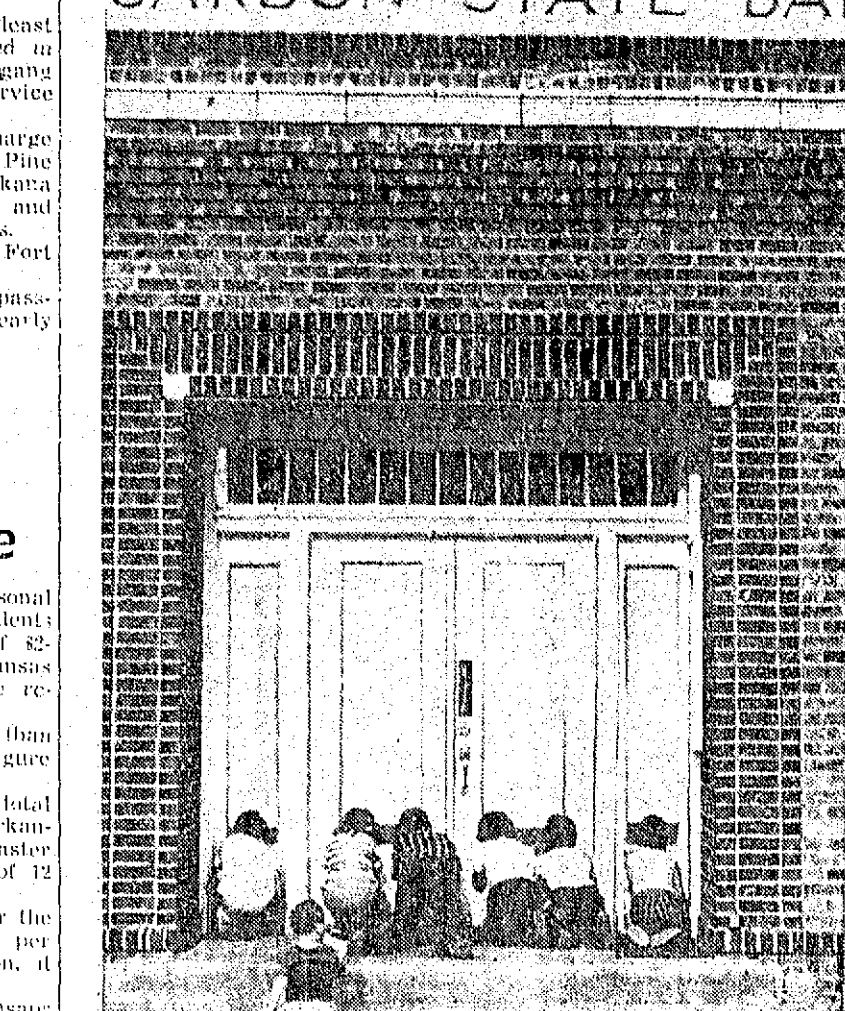

Corey suggested that under the law district boards of education should be given such information as the committee may have and be permitted to suspend or dismiss the teachers who cannot give satisfactory answers to questions put to them.

In his reply, Walter said he welcomed the suggestion to transmit to the district boards "the names of such teachers so that they may be interrogated by such boards, which would then transmit to the committee the copy of the transcript of the proceedings."

Walter said that such a course of action will permit the committee to go into certain other aspects of Communist operations in California.

Committee aides said this will mean that the California teachers hearings will be crossed off the committee schedule and suspensions canceled.

## CARSON STATE BANK

HIGH INTEREST RATE — Narrow openings beneath the shuttered doors of the KIL Carson (Colo.) State Bank are crowded with curious youngsters. They're trying to see what FBI agents are doing inside after the bank was robbed of some \$51,000 by bandits.

## Regular Hope Visitor Soon to Observe 100th Year But Has Had Only 23 Birthdays

By MARY ANITA LASETER

Is the hot weather getting you down?

Well, take heart from someone who has seen a good many more Arkansas summers than most of us.

Mrs. Elizabeth Colman of Chickasha, Okla., known by her many friends as "Miss Lizzie," is a native of Oklahoma, and has been visiting her sister, Mrs. Beulah Hays here in Hope.

That might sound like a simple news item for the "Society News" column. But such is not the case.

With the exception of only one summer during the past fifty years Mrs. Colman has made a trip either to Oklahoma or to Hope to see her sister. Sometimes she travels in a car with friends or relatives, and just last summer she made the trip by train — no easy task when the beginning or ending of the journey is Oklahoma and the other is Arkansas.

But lots of folks do it. What makes Mrs. Colman's case unusual?

Of an original family of seven children only two are still living. They are the youngest — Mrs. Hays — and the oldest — Mrs. Colman, who now tips the calendar scales at 99 years of age.

Born in Oklahoma on February 20 during the leap year of 1860, Miss Lizzie has only celebrated 23 actual birthdays, as there was a skip of eight years at the turn of the century. So, next February 20 will only be her 24th birthday even though it will mark her 100th year on earth.

Besides her sister, Mrs. Colman has several other relatives in Hope including a niece and a nephew, Mrs. Lloyd Spencer and Thomas Hays, and a cousin, Mrs. Kline Snyder. Visiting them and her friends in Southwest Arkansas has always been a pleasure for her, and summer is her choice for "visiting weather."

A member of the First Christian Church, Miss Lizzie lives in Chickasha with a son. Besides her two sons, one of whom is deceased, Mrs. Colman also reared a nephew, W. T. Cloud, formerly of Hope and now of Decatur, Ga.

Though she is approaching the century mark as far as age is concerned, Miss Lizzie certainly agrees with that aged gentleman of the stage and screen, Clarence Cleaver, when he said, "Age is bothersome only when you stop to realize it."

## Missing Wynne Girl Found in Mississippi

WYNNE, Ark. (AP) — Barbara Riley, 15, who disappeared on her home here Aug. 11, was found yesterday on a Gulf of Mexico beach in Pascagoula, Miss., police said.

Wynne Police Chief Kenneth Shaw said the girl was found on a Mississippi state trooper who checked with a circular disk issued by Wynne police.

Shaw and the girl's father Robert W. Riley left yesterday for Pascagoula to bring her home. Shaw said it was not known where the girl had been for nine days, one left in the family car.

## Big Slash in Budget Appears Probable Now

By JOE HALL

WASHINGTON (AP) — Both branches of Congress now have passed 15 of the 16 money bills for the current financial year, and the goal of a fair-sized budget cut appears to be in sight.

The Senate cleared a \$1,428,176,700 military construction measure Friday, its fifth fiscal 1960 appropriations bill, and now has only the foreign aid bill to debate. The House has acted on all 16.

Thirteen of the 16 measures actually have been sent to the White House. On these an over-all reduction of 235 million dollars below President Eisenhower's requests has been achieved.

But the biggest cut of all is almost certain to be made on foreign aid. When this measure and the two money bills still being worked on by Senate-House conferees reached the White House, the reduction is expected to exceed a billion dollars. It may reach almost a billion and a half.

The House claimed a cut of a \$1,244,000,000 in its action on the foreign aid bill, although some legislators charged this was achieved partly through legendary main with figures.

These sources contend that the budget figure of \$3,436,277,000 used by the House as Eisenhower's request for foreign aid is too high, and that thus the cut is overstated.

The two other bills which have not gone to the White House are military construction and an independent offices measure. Both are in conference between the two branches. Each will be somewhat below the budget.

The Senate, on the 15 bills which it has passed, has voted about 193 million dollars more than Eisenhower requested. But the House, on the same measures, was about \$1,661,000,000 under the budget.

Of the 13 bills on which Congress has completed action, 11 were reduced below the President's request. But the other two wiped out a good part of the cuts made on the 11.

## Cold May Have Ruined Chance of Recovery

WASHINGTON (AP) — Extremely low temperatures in America's Discoverer VI satellite may have frozen out chances of recovering an instrument-filled capsule it ejected over the Pacific Ocean.

The 300-pound capsule was kicked loose Thursday night as the satellite orbited over the Hawaiian Islands. But no trace was found of it.

What went wrong? Scientists aren't sure. But they think the low temperatures in Discoverer VI may have affected the battery power supply in the recovery capsule.

If that was the case the capsule was "dead" as it plunged down through space. Without the power supply the capsule's radio beeper would not operate and its signal lights would remain dark. Its parachute would not open.

The powerless capsule would be unable to signal to plane crews that had hoped to snag it as it fell or to recovery teams on ships that were to pull it from the ocean if the recovery by plane failed.

Chances of a successful catch had been rated to 1 in 1000.

## Help Asked to Find Missing Man

LITTLE ROCK (AP) — Gov. Orval E. Faubus today asked the state Civil Defense director to use his organization in the search for a Little Rock man missing since Monday.

Faubus asked Civil Defense Director Owen Payne Jr. of Conway to help in the hunt for Roscoe L. Harkey, 77, who drove away from home in an automobile.

Harkey, now retired, formerly was active in banking and the lumber business. He owns land in southeast Arkansas.

Harkey, 5-6, weighs 120 pounds, walks feebly and has had a heart condition for several years. He carried a walking cane bearing his name and address.

# Minnesota Pair Still in Amateur Meet

By JIM KLOBUCHAR  
MINNEAPOLIS (AP)—Two golfing warriors from the City of Lakes were still in the thick of it in the quarter-finals of the Trans-Mississippi Amateur Championship.

Wiry 40-year-old Jim Nordine of Duluth, was matched against the long-hitting defending champion, Jack Nicklaus of Columbus, Ohio. Neil Cronquist, a Minneapolis insurance man, was pitted against Bob Meiering of Roseville, N.M., a New Mexico university student.

The other quarter-final match was between Bill Poole Jr. of Santa Ana, Calif., against Larry Wright, Denver, a Houston University student, and Deane Boman of Silver Springs, Mr. the British Amateur champion, against Tommy Nelson of Green Bay, Wis., a Wisconsin University student.

Nicklaus is 19. The others are between 20 and 24.

Quarter-finals and semifinals today will prune the original 192-man field to the two finalists for Saturday's 36-hole title match.

## Sports in Brief

AKRON, Ohio (AP)—A sub-par scramble to survive the 192-par cutoff was on today as the \$22,000 Rubber City Open Golf Tournament wheeled into its second round.

The country's top professionals made a picnic grounds of Firestone Country Club's rolling acres Thursday when 50 of the field of 122 matched or bettered par 71. There was only a five-stroke spread covering the half hundred leaders.

Art Wall Jr. of Pocono Manor, Pa., the defending champion and

holder of the Masters title, and the National Open champion Bill Casner Jr. of Apple Valley, Calif., shot four-under-par 67.

But their sterling performances left them in a six-way deadlock for fourth place. Out front with 68 were 40-year-old Ted Kroll of Sarasota, Fla.; 29-year-old Arnold Palmer of Liggett, Pa.; and 28-year-old Bob Goalby of Crystal River, Fla.

WASHINGTON (AP)—Judy Rand and Marcia Hamilton clashed today at Manor Country Club to settle the National Girls' Golf Championships.

Judy, 16, of Aurora, Ohio, flashed into the final Thursday with 2-under-par play that eliminated 17-year-old Diana Hoke of Pittsburgh, 1 up on the 18th. For a New Mexico university student, Hoke had made up for a second round loss to Diana in last year's National.

March 17-year-old Indiana State Junior title holder from Evansville, advanced 1 up over Carol Seaton, Missouri Women's champion from Joplin, Mo. Marcia came from behind to atone for a defeat by Carol in the Western Juniors this summer.

HERSHEY, Pa. (AP)—Chuck Bednarik, the All America center from Penn who continued his time with Philadelphia of the National Football League, is retiring from the Eagles after the 1959 season.

This year will mark Bednarik's 14th season with the Eagles. At 34, he feels that he is growing too middle-aged and sedate for 10 weeks of rigorous training.

YOUTH GETS POST  
NEW POST, Wis. (AP)—John Anderson, 23 year old Chippewa Indian, is the youngest man ever elected to the Court Oreilles Reservation tribal council.

Anderson, chairman of the council which directs Indian affairs on the 25,000 acre reservation, is a student at Superior Wisconsin State College.

## News Briefs

HARRISBURG, Pa. (AP)—Gov. David L. Lawrence signed into law Thursday a measure raising Pennsylvania's sales tax from 3 1/2 per cent to 4 per cent.

RALEIGH, N.C. (AP)—James Frierson, a Raleigh handyman, is going to get married next month for the third time. He's 66 years old and his bride-to-be is 60.

Frierson, a courtly white-haired Negro who has outlived two wives said he and Susie Easterline have been dating for two years.

CHAPEL HILL, N.C. (AP)—A computation expert says a mechanical brain someday will be used to write adult Western television shows.

Dr. Allen J. Peris of Carnegie Tech made the prediction here Thursday night at an international meeting of computation experts.

LONDON (AP)—Princess Margaret became 29 today. Queen Elizabeth's younger sister spent her birthday at Balmoral Castle, in Scotland, where the Queen and her family are vacationing.

WASHINGTON (AP)—The State Department has warned American tourists to follow regulations if they want to visit Czechoslovakia.

Several American tourists have crossed the Czech border this summer without proper documents and ended up in jails there.

MANILA (AP)—A Philippine interisland motorship sank in stormy waters off the northern coast of Palawan Island, and first reports today indicated more than 100 men may have perished.

The ship was described as a 240-ton ship with space for 83 passengers and 20 crew.

GETTYSBURG, Pa. (AP)—President Eisenhower got in some early morning golf today in advance of a trip to Washington to proclaim Hawaii the 50th state and unfurl the new 50-star flag.

The President, accompanied by George E. Allen, a frequent golf companion, started around the Gettysburg Country Club at 7:40 a.m.

## Spa Kennel Club Hearing Is Set

LITTLE ROCK (AP)—The Hot Springs Kennel Club gets a chance Sept. 4 to talk the Arkansas Racing Commission into restoring its temporary racing franchise.

The commission revoked the club's franchise on Aug. 12 after warning club officials to stop squabbling over control of the organization.

The club which had already begun building a \$1,200,000 greyhound racing track at Hot Springs said peace has been restored and asked the commission for a hearing.

Yesterday the commission set a hearing for Sept. 4 in the Justice Building at Little Rock.

John Henry, a Methodist on his way from Missouri to Hemstead county in 1818, is said to have preached the first sermon in Little Rock.

## GOLD CUP BOATING'S TOP TEST

By WM. TAYLOR MCKEOWN  
Editor, Popular Boating  
MONTICELLO, N.E.A.—Give a boat as big as necessary to hold a power plant packing the push of as many "horses" as can possibly be crammed in.

The boat must average at least 35 miles an hour and had better be able to accelerate to at least 150 in the straightaways. It will have to take corners at high speed while flashing around a three mile oval course. It must stick together and run wide open without refueling for 30 miles.

Find a driver who can control this leaping, pounding 30-foot monster over a 95-mile course against the hottest drivers in America, and you may have the makings of a Gold Cup winner.

Fortunately for the sport, boating is usually a family affair. But for the last three years in the pleasure-boating capital of the Pacific Northwest, nearly 500,000 hydroplane fans have turned out to another thousands of boats along the course and crowd the surrounding hills right down to and sometimes wading into Lake Washington.

They've turned the Gold Cup race for unlimited hydroplanes into what has been called the world's largest spectator event.

Though other powerboat contests in this class take place across the country, the Gold Cup is considered the Kentucky Derby of speedboat racing, the water equivalent of the Indianapolis Motor Speedway for testing the ultimate in equipment.

Jet power has driven craft fast, or in a straight line, but it has not yet been harnessed for the bursts of speed, skid turns and maneuvering of racing competition. At present Allison and Rolls Royce aircraft engines kick out the horsepower, up to 3,600, that push these water craft as high as 180 miles per hour.

Traveling at speeds faster than it takes the average plane to get off the ground, the "three-pointers" scream past the crowd with only the tips of their two spinnaker floats and propeller touching the water.

The trick is to keep it that way. Any sudden roughness of the water, or weakness of boat structure or mistake on the part of the driver, will put the boat into the air in a disastrous flip.

When the driver squeezes into the special seat of one of these juggernauts, he does not dare juggle himself in against the jolting ride. He may need to be suddenly thrown clear, as two-time Gold Cup winner Bill Muncie did last year when his rudder jammed, his boat was destroyed, and he had to hit the water at 100 miles per hour.

This year surprises but no accidents marked a day of unparalleled racing. Of the 14 boats to pass the qualifying trials, Miss Vaho, driven by Mira Slovek, showed the fastest speeds before her engine gave out.

Slovak, a Czech aircraft pilot who escaped to come to America, set an early dazzling pace. In later heats, Detroit's Miss U.S.I., Lake Mead's Maverick and the two-time home-town winner, Miss Thriftway, threatened.

Then, after Thriftway had won the checkered flag for the final heat and apparently the race, a recount to break a point tie showed that Bill Stead, driving W. T. Waggoner's Maverick, had posted the fastest time.

The Gold Cup has finally been wrested from Seattle. It will be held on Maverick's home waters—Lake Mead, near Las Vegas, Nev.—next year.

It may be inland waters, but America's afloat there, to.

# Does Lose in Voting Memphis

Memphis, (AP)—A race which was smooth at first, but turned into a bitter struggle in the history of the city of the Mississippi River, ended with a heavy vote for the Negro candidate, Dr. Martin Luther King Jr., a 39-year-old minister who had led the city's drive for public works and better housing. King, who had been predicted to lose, won by about 21,000 votes.

# Man Royal to Visit Iowa

Des Moines, (AP)—A prince of the Amann Church, who is expected to visit Iowa next week to celebrate the church's 100th anniversary, is a descendant of a German prince who was a pioneer in the state of Iowa. The prince, who is a member of the Amann Church Society, is a descendant of a German prince who was a pioneer in the state of Iowa. The prince, who is a member of the Amann Church Society, is a descendant of a German prince who was a pioneer in the state of Iowa.

# POWER

that sustains  
may be found thru regular church attendance

*"Maybe He's  
here?"*

HAVE  
FAITH  
IN  
GOD

TRUST  
ONLY  
IN  
HIM

Here are seekers after God. They are anxious and determined. They want in... will those doors open? Is it any use to knock? Jesus said, "ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened to you." Big locks and heavy doors will break open to those of great faith. Your child and mine need God; they need His church. God said to Joshua, "as I was with Moses so I will be with Thee." "Maybe He's here?" He said, "Suffer little children, and forbid them not, to come unto me."
